

Subject Index:

Volume 35 Number 1 - 3 January - December 2015

Issue 1

- The incidence of Oro-maxillofacial lesions (10 years) in the department of Oral and Maxillofacial surgery, Mahidol University: Odontogenic cysts 1
- Oral health status of Thai patients with chronic kidney disease in sukhothai hospital, Thailand 11
- The incidence of oro-maxillofacial lesions (10 years) in the department of oral and maxillofacial surgery, Mahidol University: Ameloblastoma 21
- Surface hardness of Thai spherical amalgam product 31
- The incidence of Oro-Maxillofacial lesions (10 years) in Department of Oral and Maxillofacial Surgery, Mahidol University: Fibro-osseous lesions 37
- Royal jelly promotes the viability and proliferation of periodontal ligament fibroblasts in an In Vitro tooth avulsion simulation 47
- Is prophylactic antibiotic effective in lower third molar surgery?: article analysis 57
- Jaw bone regeneration in relation to position of dental implant 69
- Dabigatran: A new oral anticoagulant 79
- Effect of fiber post lengths on fracture resistance of endodontically treated teeth 91

Issue 2

- Effect of HTPB-TAC primer on the bond strength of a resin cement to zirconia 103
- Effect of die lubricants on the compressive strength and surface hardness of a die stone 111
- The effect of alcoholic beverages on stainability of direct esthetic restorative materials 117
- Shear bond strength of Zirconia to different adhesive resin cements 127
- A 10-year study on the incidence of Oral Maxillofacial lesions in Department of Oral Maxillofacial Surgery, Mahidol University: Keratocystic odontogenic tumor 137
- Maintenance of peri-abutment skin interface in implant retained facial prosthesis : A Technical report case 147
- Incidence of diabetes in Asian population and diabetic bone quality 151
- Factors affected to satisfaction of personnels toward operation at Department of Operative Dentistry and Endodontics, Faculty of Dentistry, Mahidol University 163
- Micro-shear bond strengths of glass-ionomer cements bonded to resin composite using different adhesives 177
- Effect of temperature of all-in-one self-etch adhesives on micro-shear bond strength to dentin 189

Issue 3

- Tensile properties of general purpose stainless steel wire formed for orthodontic use 203
- Marginal and internal fits of zirconia single crown and four-unit fixed dental prostheses substructures 209
- Dental students' reflections on their fieldwork experiences 221
- Effect of opacifier and pigments on hardness of maxillofacial silicones 231
- The comparison of the marginal gaps of zirconia framework luted with different types of phosphate based-resin cements 237
- Factors influencing abutment selection in esthetic dental implants: A case report 253
- The office syndrome: a potential risk factor of TMD and headache maybe vice versa? 265
- Betamethasone and methylprednisolone usage in lower third molar surgery: Review literature 273
- Prediction of difficulty in impacted lower third molars extraction: review on literature 281
- Bacterial leakage through double seal intermediate restorative materials 291
- Evaluation of the proliferative and cell migration effect of Clinacanthus nutans powder on human gingival fibroblast cell line 299
- Antibacterial activity of Ocimum sanctum oil against Streptococcus mutans: in vitro 311
